 - 2) WP2 (Annette Freibauer)
 - 3) WP3 (Han Dolman)
- Expected output from the WP parallel sessions (session minutes!):
 - Brief outline of the work plan until the project end,
 - Define the needs from other WPs,
 - Define products that the WP contributes to the **Synthesis themes**:
 - 1) Drivers & modelling,
 - 2) Attribution,
 - 3) Data coherence across scales.
- We will have a Synthesis Plenary (Plenary 2) on Wednesday, 18th April, 15:00-16:30 with a set of presentations (12 + 3 min.) on key products that are highly relevant for the 3 synthesis themes followed by parallel sessions for each theme (see program attached).
- Synthesis parallel sessions on Wednesday, 18th April, 16:40-17:40:
 - ➔ Brainstorming on how to organize synthesis and identify paper(s) to be written and by whom
 - ➔ All partners are asked to contribute ideas and plans for papers
- The SC will meet for a work dinner on Tuesday night after the reception (20:30).
